

Empowering Motherhood

Nourishing Lives: Stanyamrityam Unveils
the Art and Science of Breastfeeding
- Illuminating Breastfeeding Awareness in Society

Focusing on the Future

This year's theme,

"Enabling Breastfeeding: Making a Difference for Working Parents,"

reflects a critical contemporary issue. The seminar was graced by the expertise of Dr. Renu Rathi and Dr. Apexa Vyas, whose contributions to Ayurvedic pediatrics and neonatology are unparalleled.

DR. RATHI CALLED FOR REVISION OF BREAST MILK POLICIES

particularly in developing nations, and highlighted the importance of human milk banking. Dr. Vyas emphasized the species-specific benefits of 'Matrustanya' and the foundational Ayurvedic principles in treatment for optimal outcomes.

**Under Visionary Efforts of
Dr. Hemant Toshikane**
